DATE 25 JUNE 1956

SUBJECT { GENERAL Suspected Communist in Contact with PERON
SPECIFIC Nicolas MALAXA

1. According to a report from ODENVY dated 3 May 1956, one Nicolas MALAXA was a Communist Party Paymaster in the Western Hemisphere. He was alleged to have contacted former President PERON in Argentina in 1955 for the Kaiser Company to obtain a railroad repair depot concession. MALAXA left Argentina suddenly when PERON was overthrown.

2. A person connected with the Romanian Free Movement in the United States revealed that MALAXA had received two million dollars from the Communist Party to finance the revolt in Buenos Aires against the PERON government. However, another source prominent in Romanian refugee circles in the New York area, disclaimed any knowledge concerning a connection between MALAXA and the outbreak of the Argentine revolt.

3. MALAXA was reported by several sources to have engaged in Communist activities in his native land of Rumania. An unvaluated source, however, stated that in his opinion MALAXA is an anti-Communist and an opportunist who would deal with Communists for business reasons.
